

Detroit River Yields Robinson Girl's Body

Funeral services for Miss Ethelyn Robinson, age 21 years, daughter of Mr. and Mrs. Glenn Robinson of Houghton Lake, who mysteriously disappeared in Detroit, while walking two blocks between the homes of her sisters last December 20th, were held at Houghton Lake, Sunday.

The young woman's body that was found floating in the Detroit River near Amherstburg, was identified by the girl's sister Mrs. Camilla Jacks of Detroit. The body was nude except for one stocking, shoe and gash and a wristwatch, and it is the opinion of the girl's parents and of Detroit police officials that she was slain and then thrown into the river.

In May, fortune tellers of Cadillac and Saginaw had told the girl's father that her body was weighted and lying at the bottom of the Detroit River. At that time the river was dragged, disclosing nothing, but the fortune teller's tip was partly true. Monday, authorities in Detroit began an investigation of the girl's mysterious disappearance. She had gone from her home in Houghton Lake to Detroit in October hoping to find employment and was living with her sisters Mrs. Robert Jacks and Mrs. Stephen Fogarsi, who live but two blocks apart. The week she disappeared she was staying with her sister Mrs. Fogarsi, but each day would go to the home of her sister Mrs. Jacks, to help her as the latter was working. On the afternoon of December 20th she left the Fogarsi home, but Mrs. Jacks thought nothing of it when she did not arrive at her house, thinking she was busy at the other sister's home. It was not until three days later when the two sisters met that the discovery was made of the girl's disappearance.

Miss Ethelyn was the granddaughter of Mrs. Edward Sorenson of Grayling and making her home here for some time was known to many. She was shy and of very quiet disposition, and it was hard to understand what had become of her, but it has been decided that she was forcibly picked up on the street and later thrown into the river. The girl's parents have grieved their daughter's disappearance, and have the sympathy of hosts of Grayling friends in their bereavement. Mrs. Robinson will be remembered as Agnes Sorenson.

Giffin Wins By KO At Boyne City Tourney

Rudy Harrison Loses By Close Decision

An interesting series of boxing bouts were staged at Boyne City Saturday and Tuesday evenings, sponsored by the Ernest Peterson American Legion Post of that city. Four fellows from Grayling participated, sponsored by the Rube Babbitt Chapter of the Izaak Walton League of Grayling, and two enrollees from Camp Higgins Lake sponsored by Minnie Hartley's Cash and Carry Store.

John Selesky, light heavyweight, was the only one from here to box Saturday evening, and he lost by a decision. The others drew byes. Tuesday evening Giffin won by a knockout, in a good fight. Rudy Harrison lost by a very close decision. Both he and his opponent were so well matched it was hard for the judges to decide the winner.

Plans are going forward to hold ice cream socials and other plans are being made to raise money to send the girls to the fair at Traverse City, which will be held some time in August. The Canning club has been asked to exhibit some of their canned goods and the girls would like to attend the fair. Look for announcements of any of these social affairs and plan on attending.

The Potato club will meet at the town hall in Maple Forest with Morris Babbitt on July 6, in the evening. The Girls Canning club will meet at the home of Mrs. Jewell on July 6 in the afternoon, at 1 o'clock. Any girls from Frederic desiring to join are welcome. New Olson Store Having Grand Opening

It was 23 years ago that Esbern Olson opened a shoe-repair store in the little store building that he has since occupied. It was a modest beginning. Soon, as his repair business developed into real proportions, he added a small stock of shoes. This business too grew and better brands were handled.

This place has long been too small for his trade, and this week sees the fulfillment of an ambition he has had for a long time—opening a brand-new store. Our last week's edition told of the building, which is of brick construction with modern glass front. It is located on the corner next to the old stand and is the latest in shoe-store architecture—both outside and inside. The store equipment too is ultra modern, attractive and convenient. The display windows are of the wing variety, there being three large plate glass on each side of the entrance.

Upon entering the door one is struck with the beauty of the place and the clever store displays. Mr. Olson's claim that this is "One of Northern Michigan's most up-to-the-minute shoe centers" is well founded.

On Friday (tomorrow) there will be a grand opening of the new store. In the afternoon from 12:00 to 2:00 there will be music by the Grayling school band, and

from 6:00 to 8:00 in the evening Grayling Drum and Bugle Corps will entertain. Mr. Olson says the public is invited and that there will be gifts for everyone. We congratulate Mr. Olson on his enterprise and his achievement and wish for him unbounded future success. His son Nels will assist in the new store.

SCHOOL BAND HAVING ACTIVE SUMMER

Herbert Rowland, of Grayling High school and director of the school band, is busy this summer keeping the band together for rehearsals and practice and each Friday evening the band plays a concert down town. Rehearsals are held each Monday, Wednesday and Friday.

Next Monday, July 10th, Grayling school band will broadcast concerts over radio station WBCM, Bay City, at 11:30 a. m. and at 1:30 p. m. Out of a membership of 62 in the band, 52 are participating in this summer's activities.

Besides working with the band, Mr. Rowland is conducting recreational programs, consisting of base ball, tennis, kick ball and other games. He is also conducting swimming classes at Lake Margrethe.

Mrs. Roy Milnes had the low score for the navy and Roy Milnes the low score for the army.

Several new members of the club were in attendance.

A big crowd turned out for the Wednesday pot luck luncheon.

The golfers had a game in the morning, with Mrs. Wm. Hill holding low score.

Following the luncheon four tables were in play for a contract tournament which will continue for one month. Mrs. Roy Milnes had the high score.

Guests of the club included Mrs. Helen Routier, Mrs. Kenneth Dobbyn, Detroit; Miss Laura Johnson, Hale. Mrs. Roy Ridley of Detroit will become a member for the summer.

Tuesday, July 11th, the Ladies will play at West Branch.

Why Students Fail In Mathematics

The Milwaukee Journal recently published an article prepared by Miss Margaret Joseph, a teacher of mathematics in Milwaukee schools, relative to the reasons why a majority of students fail in mathematics. Miss Joseph is a sister of A. J. Joseph of this city. Her article reads as follows:

The majority of students who fail in mathematics in high school do so either because they have not learned to read properly, or because of fear, according to the findings of Miss Margaret Joseph, mathematics instructor at Shorewood high school.

When, at the suggestion of high school superintendents and principals, some colleges eliminated mathematics from entrance requirements, Miss Joseph started to investigate. She was also inspired by the growing movement to eliminate formal mathematics from high school courses.

Those wishing to drop mathematics claimed that failures number at least 20%, relatively more than in other subjects. But Miss Joseph found that actually they ran only to 5.6% in algebra and 3.8% in geometry.

Then she discovered that 69% of the failures in algebra were in the sophomore class. Why? She found they were poor readers for the most part—they could not do problems that did not register on the brain in the first place.

Students who start mathematics with a fear of the subject usually get it from other students who have failed in mathematics, she said.

MARRIED AT HOME CEREMONY

The home of Mr. and Mrs. Andrew K. Braidwood was the scene of a pretty wedding ceremony on Saturday, June 24th, when the former's sister, Miss Marjorie Braidwood, of Almont, Mich., became the bride of Mr. Edwin French, of Dryden, Mich. The Rev. L. M. Isaacs, pastor of the Congregational Church, Grayling, officiated at the rites at 4:00 o'clock before an altar of snapdragons and other blooms, with delicate pink tapers burning.

The bride was attired in a delf blue and white redingote made street length, while her twin sister, Mrs. Stuart Roberts, who was her only attendant, wore an off-white sharkskin suit with blue blouse. Both carried arm bouquets of pink roses and lilies of the valley tied with white tulle. Mr. Emerson French, brother of the groom, was bestman.

Following the ceremony a wedding supper was served and shortly afterward the happy couple left on a honeymoon tour in the North, and returning will reside in Almont, Mich.

Those present at the nuptials from out of the city included the bride's parents, Mr. and Mrs. Alexander Braidwood, of Almont; the groom's mother, Mrs. French, and brother Emerson French, Dryden; Mr. and Mrs. Stuart Roberts, Ferndale; Mr. and Mrs. John French, Detroit, and Rev. and Mrs. L. M. Isaacs, Grayling.

Kiddies: Look For Circus Coupon

The Crawford Avalanche takes pleasure in announcing that it has made arrangements with Lewis Brothers Circus Menagerie and Trained Animal Show whereby all the kiddies in this community may see this high class circus for only 15c. Lewis Brothers Circus is an established show and is bigger and better than ever before, and has traveled in many states in the past twenty years.

Lewis Brothers Circus will exhibit at Grayling, July 7, and in today's issue of the Avalanche a coupon is printed which will admit one child to the big show of the circus when presented with 15c at the ticket wagon at the show grounds, where the circus will give two performances, at 2 and 8 p. m., rain or shine.

This circus is absolutely clean and above board in every department. There is nothing that could offend the most fastidious taste. There are positively no games of any kind tolerated either on the circus grounds or in its side show. It is a straight out-and-out circus and one of the best now on tour.

The Avalanche is very much elated over the fact that we can give the children of this community the privilege of seeing this great and entertaining circus for the small sum of only 15c. No youngsters in this vicinity should miss this opportunity.

THURSDAY, JULY 6, 1939

THE SUCCESSION of house robberies occurring here over the past week becomes quite alarming. Recently Gaylord experienced a similar condition. All effort to detect the robbers have been in vain. They seem to be very bold and deliberately enter homes while the occupants are asleep and ransack the house at will. Some night, if it keeps up, someone is going to get caught and then it means state prison for him.

WEDDED IN PRETTY GARDEN SETTING

Miss Dorothy Jane, daughter of Mr. and Mrs. O. Samuel Friedman of Grand Rapids, was married in that city Sunday to Mr. Reuben J. Cohn of Dayton, Ohio. Rabbi Jerome D. Folkman performed the ceremony at 4:30 o'clock in a lovely garden setting.

The bride, who was given in marriage by her father, wore a white marquisette gown fashioned in princess style. Silk Chantilly lace outlined the square neckline and formed cuffs on the short puffed sleeves. The skirt was made with a slight sweep and a deep flounce edged at the top with lace. A natural band of flowers held her three-tiered veil of illusion tulle, and she carried white roses, swansonias, white delphinium tied with rose buds in a shower bouquet.

Miss Katherine Hartman was chosen by the bride as her maid of honor. Miss Shirley Orwant and Miss Anita Dembinsky as bridesmaids and they were attired in gowns of aqua, peach and rose respectively. George Cohn of Chicago assisted his brother as bestman and Leon and Maier Gitten seated the guests.

Mr. and Mrs. Cohn left on an eastern trip for their honeymoon and returning will reside at 319 W. Second St., Dayton, O.

Among the guests at the wedding were Mr. and Mrs. George A. Kraus and daughter Elaine, Mr. and Mrs. Charles Schreiber, Mr. and Mrs. Albert Kraus of Chicago; Mrs. F. I. Collier, grandmother of the bride of Burlington, Iowa; Mr. and Mrs. Wilfred Cohen, Mrs. Delbert Walt and Mrs. Sam Pollock of Detroit.

The bride's mother was formerly Miss Minna Kraus and the young lady with her mother have frequently visited in Grayling, although their home has been in Grand Rapids for years. There are many Grayling friends who wish congratulations and best wishes.

Specimen of Famous Dodo Is Field Museum Exhibit

The long extinct dodo—in many ways the most famous bird that ever lived, although no complete specimen even of its skeleton remains in existence—is the subject of an exhibit at the Field Museum of Natural History in Chicago. The bird, whose name has become in the modern world almost universally a symbol of obsolescence and grotesqueness, is restored in a life-size sculptured model. This model represents the most nearly complete, accurate and up-to-date restoration of a dodo ever attempted in the belief of museum authorities. In addition to the model, the museum displays a series of drawings and paintings which furnish supplementary data on the dodo.

Despite the fame of its name, few people realize that the dodo is anything but fictitious, and fewer still know that there were two species of dodos, and a third bird—the solitaire—which was much like the dodo and flourished in a limited way in the Seventeenth century. Although all that remains in the world today of the dodos consists of one or two incomplete skeletons, a few miscellaneous bones, a couple of heads and a couple of feet in European museums, there are authentic records that at least two dodos were brought to Europe alive and one of them was shown in London in 1638. The birds became completely extinct about 1681. They were all large birds, about the size of turkeys, and lived only on three of the Mascarene islands, southeast of Madagascar. A gray species of dodo lived on Mauritius, a white dodo on Reunion, and the solitaire on Rodriguez island. All three were flightless, but no doubt their ancestors used their wings for flight. The family of birds to which the dodos belonged is closely related to the pigeons, constituting with them the order Columbiformes.

Cicada Falsely Accused As Destroyer of Crops

For centuries the cicada has been falsely accused of destroying field crops. It was once considered poisonous in some mysterious way, a forecaster of war, and a bad omen generally. Some confuse the periodical cicada with the locusts that ate up Pharaoh's crops. Cicadas are not locusts. The term locust applies to grasshoppers, observes a writer in the Chicago Tribune.

Cicadas do not cause any damage by feeding on crops, but they injure trees by puncturing the twigs and laying masses of eggs inside, states an entomologist. These punctures often cause the tips of the branches to die. Twigs from six inches to two feet long will break off and fall to the ground.

The sudden appearance of the cicada often excites the greatest fear for the safety of trees and shrubs. There is some ground for this, especially if they appear in large numbers.

There are two races of cicadas—the 17 year and the 13 year. When broods of both races appear in the same year the insects are especially numerous. The biggest broods of the two races—No. 10 of the 17 year race and No. 19 of the 13 year race—appeared simultaneously in 1868. But scientists have figured it out that they will not appear together again until 221 years from that date, or to be specific, in 2089 A. D.

In describing the life history of the cicada, entomologists say that unlike larvae come from the eggs a few weeks after they are laid within twigs of trees. The larvae fall to the ground and quickly burrow out of sight.

Meaning of Filter in Photography

A filter is a transparent colored medium interposed between the object and the film in the path of the light rays reflected by the object. It may be a colored gelatin water mounted in the barrel of the lens, or it may be a colored gelatin sheet cemented between glass and mounted over the front or over the rear element of the lens. A filter may be of almost any color. Its function is either to screen completely from the film one or more colored light rays or to weaken the intensity of certain colored rays or to do both.

Gaits of Saddle Horses

The five gaits of saddle horses are walk, trot, canter, slow pace, and single-foot. The difference is this: when a horse trots the left front and right hind feet hit the ground together, then the right front and left hind feet. In the pace the left front and left hind hit together, then the right front and right hind. Racking, or single-footing, is what the name implies—the feet hitting the ground singly (giving a very smooth ride). In the canter a horse rolls from one hind foot onto the other hind and opposite front, then the remaining front foot.

Witty Sir Walter

The barber came to the Tower of London to dress the imprisoned Sir Walter Raleigh's beard. But Raleigh declined the service, saying, "At present, friend, there is a lawsuit pending between me and the king about this head, and I don't intend to lay out any money upon it until the cause is tried and it is decided which of us it is to belong to."

TRUTH about ADVERTISING

By CHARLES B. ROTH

FINE GOLD

IF YOU want to discover the humanizing influence of advertising, one of the extra dividends it pays you every time you buy, make this experiment:

First go into the store of a merchant who doesn't advertise; it probably won't be a very large store. Next go into the store of a merchant who does. See where you receive the most courteous, the most attractive, the most gracious service and treatment.

One of the big truths of advertising is that it not only saves you money when you buy, but also makes your buying more pleasant.

The merchant who advertises has an obligation to uphold—the obligation of fair prices and better service. This obligation becomes the ideal of his business. Whatever the advertising says about his goods and his store he feels he must provide. As a result, the intangible influence of the printed word makes itself felt in the courtesy, consideration and desire to serve of every member of his organization.

You may have noticed that when a store begins to advertise something

takes place. Its employees, clear down to the delivery boy, become seized with the inspiration the advertising has set up.

The reason for this influence of advertising is not hard to find. The advertiser is a leader, and every leader has an obligation.

You as a customer benefit greatly by this indirect value of advertising. You benefit in additional courtesy, additional consideration and in the additional value you receive for your money, because advertising has always been the one means by which prices have been brought down.

The merchant who advertises sets himself up as a price and quality standard for the community. You buy from him and receive the most for your money. And you also receive the most in human values—in what a wise man once called "the fine gold of business."

The time when business is the pleasantest is when a fine sense of mutual confidence exists between buyer and seller. In helping bring this feeling about, newspaper advertising contributes something to business which is of as much value as its practical services.

It contributes a mutuality of feeling that gives business a character and a trust that nothing can replace. Fine gold, you know.

Unsolved Mystery

The night before Napoleon entered Moscow the great bell of the cathedral tolled the night through, and when the French entered the silent city one of Napoleon's first acts was to send a company to silence the still tolling bell. The French company, ascending to the lofty tower, found the door to the bell locked, and had to send again for an ax to break it down. Just as the door was shattered by their blows, the mournful tolling stopped, and entering the room, they found it empty, the bell rope still swinging—and what mysterious power kept it tolling, no one to this day knows.

Resolution as offered by Supervisor Burke.

Whereas under date of June 26, 1939, the Crippled Children Commission of the State of Michigan advised this Board that under Act 283 of the Public Acts of 1939, the maximum amount that the County of Crawford can receive from the State for medical care of afflicted and crippled children for the fiscal year beginning July 1, 1939 is \$510.00 divided as follows: \$320.00 for afflicted children and \$190.00 for crippled children, and

Whereas in the fiscal year 1937-38, the State spent \$4,802.58 for medical care of afflicted and crippled children of Crawford County, and

Whereas it is the opinion of this Board that the said sum of \$510.00 allocated to Crawford County for the fiscal year 1939-40 will be grossly inadequate for care for afflicted and crippled children cases, and

Whereas the financial condition of Crawford County is such that little if any money can be appropriated for such purposes, now therefore,

Be It Resolved by the Board of Supervisors of Crawford County that the Governor and the Legislature of the State of Michigan be urged to reconsider the amount of such appropriation and the inadequateness thereof and that sufficient funds be made available from the State for the proper care of afflicted and crippled children within the County, and

Be It Further Resolved that a copy of this resolution be sent to the representatives of this County in the State Senate and House of Representatives and to the Governor.

Moved by Burke, and supported by Howse, that the above resolution be accepted, approved and adopted. All members voting yea. The motion carried.

There has never been savings like you will find at Olson's Removal Sale.

Miss Edwina Warner of Detroit is assisting as waitress at the Hanson Cafe.

Miss Emilie Stockholm is assisting at the Mac & Gidley soda fountain during the busy season.

It was Otto Failing's birthday on Independence day and his brothers and sisters and other members of the family enjoyed an all day picnic at his home. There were 26 guests besides the immediate family.

Cynthia Smith, daughter of Mr. and Mrs. H. B. Smith Jr., of Bay City and Camp Ginger Quill on the AuSable will leave Saturday with a group of ten young ladies on a tour of England and France to be gone two months. Their plans include a bicycle tour of France.

Donna Perry, celebrating her seventh birthday Wednesday, had a birthday cake made especially of ice cream that came from the M & B Company from whom her parents buy ice cream for their stand. The guests lucky enough to be invited to the party enjoyed the treat very much.

People who enjoy airplane flying will be interested to know that a giant tri-motor airliner is taking up passengers today and this evening at from 40c to 60c a trip. And if you have never had such pleasure, here is an excellent opportunity to do so. Don't be one of those who say they have never had a ride in an airplane. Flying from 3:00 p. m. until dark. The plane is at the Grayling airport.

Middleton, the Radio Man, will be at City Park until Monday evening.

Miss Vivian Nellist is the new waitress at Harwood's Sandwich Shoppe.

Members of the Clayton Straehly family were injured Sunday morning, when two miles south of Roscommon a tire blew out, throwing their car upside down at the side of the highway. Little Madeline suffered a broken collarbone and Mrs. Straehly and daughter Annabel and son Frederick received minor injuries.

I. W. Dicken of Fostoria, Ohio, is building a fine new cottage at Lake Margrethe, having purchased a lake front lot last fall from Miss Jane Ingley. The building is of Air-Lock logs with a cedar shake shingle roof. It is to be two story consisting of five rooms and bath. R. J. Dicken, son of the owner, is here looking after the construction of the new building.

Attorney Glen Smith of Lapeer dropped into town Monday to say hello to some of his old friends. For several years he has been prosecuting attorney here. Mrs. Smith was formerly Miss Cornelia Meistrup of Grayling. He was prosecuting attorney in Lapeer for 10 years but is now engaged in private practice. Glen is a very pleasing fellow, but in legal practice he is hard working and out to win every case.

The Sunday School classes from the primary to the adults class of the Free Methodist church enjoyed their annual picnic Saturday afternoon. It was held at Higgins Lake and there was a large number who made the trip. Baseball and contests were indulged in and last but not least a wienie roast was enjoyed with lemonade to drink. Everyone enjoyed the picnic so nicely planned by Rev. and Mrs. Orville Lee.

Get your Fall shoes early and save at Olson's Removal Sale.

Grayling Drum and Bugle corps took part in the 4th of July parade at Roscommon, Tuesday.

Practically every hotel, cottage and overnight cabin around Grayling was occupied over the Fourth.

Judge and Mrs. Chas. E. Moore had as their guests over the 4th, Judge and Mrs. Edward Billitzke of West Branch. Together they attended the Homecoming celebration being held at Cheboygan. Both men are former residents of that city, where both attended school.

Harold Hatfield is suffering from burns received Thursday afternoon while at work at the Military reservation. Gasoline that had been spilled on his clothes, became ignited when someone nearby lit a match. He was immediately brought in to the doctor and the burns were dressed.

Mr. and Mrs. George Kraus were hosts to a large number of neighbors and friends the evening of the Fourth. A fine display of fireworks on the shore in front of their summer home at Lake Margrethe made it seem like an old fashioned Independence Day celebration. The Kraus entertained many house guests over the week end.

George Worthey of Horseshoe Lake is seriously ill in a Cleveland, Ohio hospital. He had been in New York to meet a sister when she arrived from England. Upon the return trip he was stricken with heart trouble at Cleveland. Reports indicate that small hope is held for his recovery. At the best he wouldn't be able to stand the return trip for at least a month or more. His sister is with him.

Wade's Landing at Lake Margrethe is enjoying some new advertising folders. Mr. and Mrs. Wade prepared the copy and the Avalanche did the printing and both did themselves proud. Wade's Landing is becoming more popular each year and anyone wanting accommodations is smart in making advanced reservations. Besides the main cabin they have several brand-new overnight cabins. Of course they have boats and other accommodations, and also serve meals whenever desired.

Horace Shaw's new cottage at Lake Margrethe, except for the finishing touches, is about completed. Modern in every respect, it has shower bath and lavatory, electric lights, electric pump for water supply, with the heating plant in the basement. All ceilings are covered with Masonite, with living room and kitchen walls of knotty cedar and bedrooms of Nu-wood. There are new spring-controlled windows and cement porches on two sides of the cottage. This will be the all-year-around home of the Shaws who have spent two years at the Lake.

They won't last long so get to Olson's old store early.

There has been quite a bit of excitement the past few days in Grayling, as several homes were entered Friday and Monday nights. Those that have been reported to the sheriff are Gerald Herrick, Paul Feldhauser, Ted Morris, and Phil Quigley homes. A window was taken out of the Morris home but nothing was taken. \$89 was taken from the Phil Quigley home while they slept and no clue or sign of how the house was entered can be found. Mrs. Herrick saw someone flashing a flashlight in their kitchen but nothing was missing, as the prowler must have sensed that someone was awake and left without going thru the rest of the house. Other homes have been gone thru since last week. Gaylord had an epidemic of such robberies recently and no clues or signs of the offenders could be found. The State Police and Sheriff Papendick and his deputies are working day and night on the cases. They hope to have some results as to who the prowlers are.

Mr. and Mrs. Ralph Fairbanks of Detroit enjoyed their new cottage "Northland" on the Manistee river over the holiday week end. The Fairbanks bought the river front lot from William Weiss Sr. two years ago and this spring the cottage was built. There are seven rooms and built of logs and is strictly modern throughout.

They were accompanied by their daughter Miss Kirsten, who recently graduated from a Nurses training school in Des Moines and her cousin Miss Erla Paulsen who have returned to Des Moines. Tuesday the family drove to Detroit and spent the day with a couple of brothers of Mrs. Stockholm.

Grayling Merchants Split Week's Games

Sunday afternoon the Grayling Merchants baseball team won from the Gaylord team by the score of 6-7. Gothro hit a dandy triple during the game.

Tuesday the boys played the Mackinac Island team, losing to them by the score of 5-1. Even tho the boys lost they spent a very enjoyable day seeing the sights. Some of them rode bikes around the Island, and others inspected the old fort, and other places of interest. The sights of the island and their good time made up for losing the game.

Sunday the Merchants play Kalkaska at the latter city. Let's go over and watch our team beat the Kalkaskians. Show the boys that they have your support by attending their games. Last Sunday there was a good turnout from both Grayling and Gaylord, which was very much appreciated.

ROBERTSON-LETZKUS

In lovely rites read Saturday evening at the First Baptist church in Bay City, Margaret Letzkus, daughter of Mrs. Joseph Letzkus, and Mr. Virgil W. Robertson of Bay City were united in marriage before an assemblage of 125 guests, Rev. Richard A. Elve performing the ceremony.

Following the service Mr. and Mrs. Robertson greeted some 75 of their friends in their new home at a lovely reception. For their honeymoon they left on a short cruise on the Great Lakes, planning to be at home after July 8.

Deputy Supreme Secretary, Loyal Order of Moose, Otto W. Meyers, will be in Grayling Friday night to hold an official meeting.

Mr. and Mrs. Mike Brenner and other members of their family were in Grayling Sunday calling on old friends. They were looking fine and seemed to be enjoying life to the fullest. They had been visiting their old home in Lewiston also.

State Highway Commissioner Murray D. VanWagoner told a delegation Friday who asked that US-27 be re-routed at Higgins and Houghton lakes, that as US 27 was the first and to date the only paved highway running from the southern border to the Straits, that it should not be re-located until there are more north-south arteries. The highway now makes a sharp turn to the east to go around the two lakes, and to go west the route it is said, would be considerably shorter. Too, the delegation contended, it would open up new territory and relieve congestion on the present road.

Little Joan Reynolds, daughter of Mr. and Mrs. Don Reynolds, is suffering from an infection in her left arm. It is not known what caused it, however she is getting along nicely.

—that a hen was the only thing he knew of that could sit still and produce anything. A farmer not far from here whose chickens were mysteriously disappearing, posted the following sign on the chicken coop: "Anyone found around this chicken house at night will be found there the next morning." Speaking of chicken coops, if you're thinking of building one, or any other out buildings, we have just the grade of lumber you require, 100 feet or 100,000.
